What is Bail?

Our legal system gives the accused a means by which they can get on with their lives while preparing for court. A bail bond is a *financial guarantee used to ensure that the defendant will appear in court throughout the trial*. The Eighth Amendment provides citizens with a right to reasonable bail.

How Does a Bail Bond Work?

A licensed bail service provider in Davis County sets up the process through which a defendant, or their guarantor, *pays a 10% non-refundable premium plus fees in order to be released*. State law gives companies the right to set their premium rate with the Department of Insurance. Once paid, the premium is not refundable and *acts as collateral of sorts that guarantees the full bail will be paid to the court if the defendant skips out on court appearances*.

Why Use a Bail Agent?

Bad Boys Bail Bonds *knows how to find critical information* when you need it most. Our expertise in *determining location and booking status helps expedite the bond process*. A bail bond is 10% of the bail set by the court, so for a \$15,000 bail, a defendant pays \$1,500 to get out of jail while awaiting trial. *No agent means a person must pay the full amount of established bail before being released*. Keep in mind that whoever opts to bail the defendant out will become *responsible for the entire amount if the defendant skips their court appearance*.

What is the Davis County Bad Boys Bail Bonds Process?

After an arrest, a court looks at the pending charges and surrounding circumstances when setting the bail amount. It is the court's attempt to ensure the defendant will return for appearances after their temporary release.

Once bail is set, we use our expertise to your advantage. You simply need to provide us with the defendant's name, location, and birth date. **A payee must be at least 18 years old** to meet our bail agent at the Carbon County jail with the premium payment, including any required fees.
